Please turnover for more information

When?

Thursday 12th December 2024, 15:00 – 19:00.

Where?

Stroud Brewery and Taproom, London Road, Brimscombe, Stroud, GL5 2BY.

Further to our public consultation on our emerging proposals for Brimscombe Port in late 2022, St Modwen Homes have been working with Stroud District Council to progress our proposal to redevelop the Brimscombe Port site. Our revised proposals have considered the feedback obtained from residents, as well as recent pre-application advice from the Local Planning Authority and the South-West Design Review Panel. We are now proud to present our revised proposals to residents for further comment at a formal consultation event on Thursday 12th December 2024 at the Stroud Brewery and Taproom in Brimscombe. The consultation will be open from 3pm until 7pm. A number of members from the team will be on hand to discuss the proposals with residents and answer any questions.

There will be an opportunity to provide written feedback on the proposals on the day. However, if you are unable to attend the event or would prefer to feedback at a later date, there will be an opportunity to review and provide feedback on the proposals online at www.stmodwenhomes.co.uk/brimscombeport.

Please note that the website will only go live on the 12th December.

A feedback form will be included on the website to provide an opportunity for you to share your views on the plans. We would also welcome any comments via email to brimscombeportconsultation@stmodwen.co.uk and would kindly ask that all response are submitted by **Friday 17th January 2025**.
